

Global Navigation Satellite Systems

GNSS Module Advantages:

- Wide Product Range for Consumer, Industrial, & Automotive Applications
- Product Roadmap Aligning with Industry Trends
- Industry-Leading Product Features
- High Quality & Reliability
- Outstanding Performance-Cost Ratio
- L1 / L2 / L5 / L6 frequency band capable
- GPS / Galileo / GLONASS / BeiDou / NavIC / QZSS / SBAS constellation capable
- GPS L1C & GLONASS L3OC signal capable
- Beidou3 B1C / B2a signal capable
- QZSS LEX signal capable
- GNSS Module size : 12mm x 16mm
- RoHS & REACH compliant
